

Supplement to Comment # 2

Name: Eileen Chun

(1) A fast moving car will pass over the center line and head into oncoming traffic. (2) A bike trying to make a left turn onto Morton is at risk given the short time from view of sight to slowing down. (3) A speeding car could instead over compensate on the curve and force a bike to the right off the road.

Supplement to Comment # 6

Name: Pat Grant

New concept to Cross I280 along Foothill
FOOTHILL LOOP BRIDGE
