

NOTICE OF PUBLIC MEETING

Homestead Road Safety Improvements Project

When: Wednesday, January 12, 2010
Time: 6:30 pm
Location: Grant Park Center – Multi Purpose Bldg
1575 Holt Avenue, Los Altos

A Public Meeting will be held to seek comments from the community regarding the conceptual design of the Homestead Road Safety Improvement Project. Engineering consulting firm RJA will present conceptual design plans for safety improvements on and along Homestead Road between Foothill Expressway and Lucky Oak St.

The project proposes installation of new pedestrian crosswalks and a traffic signal, additional sidewalks, a separate bicycle/pedestrian path on the north side, median improvements and new landscaping. As an important step in developing a final design, public input into the proposed concept will help refine the final project being considered for implementation.

The Consultant will provide a brief presentation of proposed conceptual plan. The public is encouraged to attend and provide comments to the design team and City of Los Altos staff. A copy of the conceptual plans are available for review at City Hall, Engineering Division, at 1 N. San Antonio Road, Los Altos, CA 94022 or on the City of Los Altos website at www.losaltosca.gov

Those unable to attend the meeting are encouraged to submit their comments in writing to Adam C. Porter, PE at 1 N. San Antonio Road, Los Altos, CA 94022 or email at aporter@losaltosca.gov.

If you have any questions, please contact Adam C. Porter, PE at 650 947-2623.
